WORK EXPERIENCE

Forklift Operator

Comprehensive Logistics Inc. | February 2025 - Present

- Operate forklifts and warehouse machinery to manage inventory, load and unload goods, and maintain safe and efficient logistics flow.
- Verify and complete administrative tasks including shipment documentation, inventory tracking, and material verification for outbound and inbound operations.
- Ensure proper product handling, storage accuracy, and compliance with safety and quality standards.
- Collaborate with logistics coordinators, drivers, and warehouse personnel to improve operational workflow and reduce handling time.
- Provide training and mentorship to new team members on warehouse protocols and equipment operation.
- Conduct regular equipment checks and assist in preventive maintenance planning.

Assistant Supervisor

Seafood City Supermarket | October 2023 - November 2024

- Managed daily operations, including staff scheduling, customer service, and financial transactions.
- Promoted efficiency in service delivery and maintained compliance with company standards.
- Supervised inventory and logistics coordination for product restocking and movement.
- Delivered exceptional customer service and coached new hires to maintain productivity.

Web Developer

IFormatLogic IT Solutions | September 2022 - September 2023

- Developed and maintained dynamic websites and web applications using modern frameworks.
- Improved UI/UX design through plugin customization and troubleshooting.
- Implemented API integrations and optimized site performance for faster load times.
- Collaborated with cross-functional teams to deliver scalable web solutions.

Full Stack Developer (Intern)

Dunbrae Subic INC. | March 2022- May 2022

- Assisted in developing a Web Automation System that streamlined internal operations.
- Created servers and databases ensuring system stability and data security.
- Optimized and modified existing programs for improved reliability.

IT Staff(Intern)

Grand Pillar International Development INC. | June 2019 - July 2019

- Installed, configured, and maintained IT systems, networks, and hardware equipment.
- Provided technical troubleshooting and user support across departments.
- Supported system administration and ensured smooth day-to-day IT operations
